

Architectural and Engineering Companies

This listing includes companies that design and engineer systems and facilities to handle a range of powder and bulk products. We welcome your suggestions for companies not listed here; we'll include applicable information in our next Reference & Buyer's Resource. Contact Alicia Tyznik, Associate Editor, *Powder and Bulk Engineering*, 1155 Northland Drive, St. Paul, MN 55120; 651-287-5620, fax 651-287-5650 (atyznik@cscpub.com).

ALABAMA

Applied Chemical Technology

4350 Helton Dr.
Florence, AL 35630
256-760-9600
256-760-9638 fax
act@appliedchemical.com
www.appliedchemical.com
Contact: Alan Nix

Expertise: Engineering; design fabrication; process and product development; standard and custom equipment.

CALIFORNIA

Dames & Moore Group

911 Wilshire Blvd., Ste. 700
Los Angeles, CA 90017
213-996-2200
213-996-2458 fax
Contact: Henry Klehn Jr.

Expertise: Engineering, environmental, construction management, and litigation support services.

E. A. Bonelli + Associates

8450 Edes Ave.
Oakland, CA 94621
510-740-0155
510-740-0160 fax
noelle@eabonelli.com
www.eabonelli.com
Contact: Noelle Seymour

Expertise: Architecture, design, and engineering for the food industry.

Foodpro International

PO Box 1119
Stockton, CA 95201

209-943-8400
209-946-1753 fax
foodpro@foodpro.net
engineering@foodpro.net
www.foodpro.net
Contact: Olga Osipova

Expertise: Consulting engineering for food processing and distribution, and cold chain.

Processes Unlimited International

5500 Ming Ave., Ste. 400
Bakersfield, CA 93309
661-396-3770
661-396-3782 fax
marketing@prou.com
www.prou.com
Contact: Donna Jones

Expertise: Engineering, design, project management, construction management, and safety regulatory services for the chemical, mining, minerals, packaging, cement, pulp and paper, food and beverage, oil and gas, alternative energy, power, and utility industries.

CANADA

AMEC

2020 Winston Park Dr.
Oakville, ON L6H 6X7
905-829-5399
905-829-5401 fax
gilles.uguen@amec.com
www.amec.com
Contact: Gilles Uguen

Expertise: Engineering, architectural, and construction management services for the food and beverage, pharmaceutical, and fine chemical industries, including process,

packaging, material handling, control systems design, validation services, and total facility design.

Coprodev

1440 Graham-Bell
Boucherville, QC J4B 6H5
450-449-3350
450-449-4002 fax
jdbedard@coprodev.com
www.coprodev.com
Contact: J. Denis Bedard

Expertise: Manufacturing process automation, including custom equipment for the food and beverage industries.

Dick Engineering

One Concorde Gate, Ste. 500
Toronto, ON M3C 3N6
416-391-2322
416-391-3133 fax
cd@dickeng.com
www.dickeng.com
Contact: Chris Drimba

Expertise: Plant and process layouts, including material handling systems, industrial ventilation and air pollution control; process development, integration, and automation; electrical power and control distribution services; and complete industrial building design, safety analysis, and environmental compliance.

Giffels Associates Ltd./IBI Group

30 International Blvd.
Toronto, ON M9W 5P3
416-679-1930
416-675-4620 fax
donald.ferguson@ibigroup.com
www.giffelsgpe-ibi.com
Contact: Donald R. Ferguson

Expertise: Industrial process and building design consulting engineering services in process controls and instrumentation, material handling, plant layout, waste treatment, warehousing, logistics, packaging and maintenance systems, and project management.

Seneca Experts-Conseils

100 Allstate Pkwy., Ste. 700
Markham, ON L3R 6H3
905-470-8848
905-470-8834 fax
seneca@seneca.ca
www.seneca.ca

Expertise: Process, mechanical, electrical, and instrumentation engineering and EPCM services for the metallurgy, chemical, pharmaceutical, and food industries for various equipment and applications, including conveying, bulk loading and unloading, feeders, reactors, mixers, blenders, packaging, labeling, palletizing, shipping, storage, environmental abatement, automation, communications, and data management.

WorleyParsons Minerals & Metals

2645 Skymark Ave.
Mississauga, ON L4W 4H2
905-614-1778
905-614-0188 fax
lou.bruno@worleyparsons.com
www.worleyparsons.com

Contact: Lou Bruno

Expertise: Engineering and EPCM services for the resources and energy industries, including bulk solids handling, pyrometallurgy, hydrometallurgy, and energy management.

COLORADO

CCC Group — Engineering and Design Div.

5660 Greenwood Plaza Blvd.,
Ste. 445
Greenwood Village, CO 80011
888-866-3878
303-530-3208 fax
iwiedenhuess@cccgroupinc.com
www.cccgroupinc.com

Contact: Ingo Wiedenhuess

Expertise: Designs, procures, and constructs dust and fume control systems for material containment, dust control, and washdown for bulk material transfer systems.

CH2M HILL Lockwood Greene

9191 S Jamaica St.
Englewood, CO 80112
303-771-0900
720-286-9250 fax
tessa.anderson@ch2m.com
www.ch2mhill.com

Contact: Tessa Anderson

Expertise: Planning, layout, facility and system design, validation, and related services for material handling systems in the healthcare and biotechnology industries.

DELAWARE

Messick & Gray

9003 Fawn Rd.
Bridgeville, DE 19933
302-337-8777
302-337-3121 fax
wayne.cannon@messickandgray.com
www.messickandgray.com

Contact: Wayne Cannon

Expertise: Equipment selection and procurement; design, fabrication, and installation of turnkey material storage and conveying systems.

FLORIDA

The Haskell Co.

111 Riverside Ave.
Jacksonville, FL 32202
904-791-4529
904-791-4699 fax

Contact: Ronald Vallort

Expertise: Architectural engineering, design, and construction services for the food industry, including processing, distribution, refrigeration, and storage.

Stellar

2900 Hartley Rd.
Jacksonville, FL 32257
904-260-2900
904-268-4932 fax
www.stellar.net

Contact: Lee A. Robbins

Expertise: Architecture, engineering, and construction for food processing plants.

GEORGIA

AMEC

One W Court Sq.
Decatur, GA 30030
404-370-3200
404-370-3646 fax
bill.hasbrook@amec.com
www.amec.com

Contact: Bill Hasbrook

Expertise: Engineering, architectural, and construction management services for the food and beverage, pharmaceutical, and fine chemical industries, including process, packaging, material handling, control systems design, validation services, and total facility design.

The Facility Group

2233 Lake Park Dr.
Smyrna, GA 30080
770-437-2700
770-437-2601 fax
www.facilitygroup.com

Contact: Judy Sparks

Expertise: Planning, design, engineering, and construction management services for renovation, expansion, and new construction of distribution centers and food processing plants.

Larson Engineering of Georgia

5950 Live Oak Pkwy., Ste. 300
Norcross, GA 30093
770-279-6010
770-279-6015 fax
hrintakoski@larsonenr.com
www.larsonenr.com

Contact: Heikki Rinta-Koski

Expertise: Engineering for bulk material handling, including design of loading and unloading systems, storage facilities, and controls for incoming feedstock and chemicals; civil and structural engineering for material handling projects; biomass handling, including receiving, conveying, storing, screening, and resizing systems.

Mallory & Evans

646 Kentucky St.
Scottdale, GA 30079
404-297-1000
404-297-1065 fax
www.malloryandevans.com

Contact: Allen Wilkins

Expertise: Engineering, construction, installation, and fabrication for manufacturing plants and industrial processes.

Weatherly

1100 Spring St. NW, Ste. 800
Atlanta, GA 30309
404-873-5030
404-873-1303 fax

Contact: Tom Saulnier

Expertise: Manufacturing plants for producing nitric acid, ammonium nitrate, urea, NPK, DAP, TSP, and calcium ammonium nitrate for the fertilizer industry, as well as process projects.

Winsett Engineering

2821 Payton Rd.
Atlanta, GA 30345
404-966-4940
404-634-6345 fax
winsettengineers@earthlink.net

Contact: W. Gary Winsett

Expertise: Engineering and design for bulk material handling and processing, and integrated control systems for industrial powders, specializing in grain mills and pharmaceutical plants.

IDAHO

Alpha Engineers

850 S Main St.
Pocatello, ID 83204
208-232-8045
208-233-2109 fax
ewilliams@alphaeng.com
www.alphaeng.com

Contact: Eddy A. Williams

Expertise: Equipment and systems design for conveying and processing industrial bulk materials, including crushing, grinding, drying, classifying, mixing, wetting, feeding, slurring, storing, stacking, loading, unloading, and combusting various materials, and containing and controlling dust and hazardous materials.

POWER Engineers

2041 S Cobalt Point Way
Meridian, ID 83642
208-288-6100
208-288-6199 fax
jlarosa@powereng.com
www.powereng.com

Contact: Jana LaRosa

Expertise: Engineering services for the food, dairy, and beverage industries, including designing, consolidating, or relocating process and packaging lines; process controls and systems integration; food safety; and project and construction management.

ILLINOIS

A. Epstein and Sons International

600 W Fulton St.
Chicago, IL 60661
312-454-9100, ext. 7991
312-559-1217 fax
dmccormi@epstein-isi.com

Contact: Darrin McCormies

Expertise: Process and automation engineering, facility design, construction management, material handling, and refrigeration services for international food processors and distributors.

Middough Consulting

999 Oakmont Plaza Dr., Ste. 400
Westmont, IL 60559
630-734-7029
630-734-7001 fax
dixondc@middough.com
www.middough.com

Contact: David C. Dixon

Expertise: Engineering, systems design, and project management services for bulk material handling, blending, batching, and conveying to the food, pharmaceutical, consumer products, pet food, grain, metals, glass, chemicals, and related industries.

Patrick Engineering

4970 Varsity Dr.
Lisle, IL 60532
630-795-7200
630-724-1681 fax
wwyatt@patrickengineering.com
www.patrickengineering.com

Contact: William Wyatt

Expertise: Engineering, building design, planning, technology consulting, and construction management.

Proton Equipment Co.

PO Box 3401
Oak Brook, IL 60522-3401
630-268-8777
630-203-2081 fax
curt@proton.cc
www.proton.cc

Contact: Curtis W. LeRoy

Expertise: Designing and building of turnkey projects, with a focus on powder and bulk solids handling, processing, and packaging, including chemicals, foods, and other applications.

Siebert Engineers

4951 Indiana Ave., Ste. 100
Lisle, IL 60532
630-824-1515
630-824-1535 fax
john.joanis@siebertengineers.com
www.siebertengineers.com

Contact: John W. Joanis

Expertise: Planning, designing, and engineering process, packaging, and material handling systems for bulk powder handling in all industrial applications; civil, mechanical, electrical, control, and field engineering for complete projects.

INDIANA

Kirk & Blum

3501 W Kelly St.
Indianapolis, IN 46242
317-244-3383
317-243-1244 fax
kb.indy@kirkblum.com
www.kirkblum.com

Contact: Bill Nelson

Expertise: Design, fabrication, and installation of process ventilation and dust collection systems and equipment such as baghouses, cartridge collectors, scrubbers, mist units, and regenerative thermal oxidizers.

IOWA

Agro Globe Engineering

8191 Birchwood Court, Ste. G
Johnston, IA 50131
515-251-7415
515-251-7416 fax
info@agro-globe.com
www.agro-globe.com

Contact: Andrew Schrodtt

Expertise: Design-and-build company offers a comprehensive approach, including project management, engineering, construction management, and equipment procurement. Company specializes in seed and grain processing facilities.

KANSAS

Borton L.C.
200 E First St.
Hutchinson, KS 67501
620-668-8211
620-662-3225 fax
borton@bortonlc.com
www.bortonlc.com
Contact: Borton

Expertise: Bulk material handling systems, slip-form construction, and facility modernization as well as complete design and construction services.

KENTUCKY

Apex Bulk Technologies
326 E 5th Ave.
PO Box 621
Calvert City, KY 42029
270-395-4121
270-395-4123 fax
ebarker@apexbulktech.com
www.apexbulktech.com
Contact: W. Edward Barker

Expertise: Engineering services, including structural, mechanical, electrical, and controls, for bulk material handling, conveying, feeding, storing, sampling, screening, weighing, blending, and loading per Handbook 44.

Matrix Engineering
112 Walter Jetton Blvd.
PO Box 1698
Paducah, KY 42002-1698
270-442-5600
270-442-0061 fax
matrix@matrixengineer.com
www.matrixengineer.com
Contact: Michael T. Eck, R. Darren Jarvis, Robert Truman

Expertise: Engineering services for bulk material handling, pneumatic conveying, bin discharging, blending, food-grade applications, control systems, screening, size reduction, and ground petroleum coke systems.

VITOK Engineers
10720 Plantside Dr.
Louisville, KY 40299
502-426-7770
502-426-7775 fax
gtp@vitok.com
www.vitok.com
Contact: Gene Pate

Expertise: Engineering and design services for the chemical process, food, beverage, and manufacturing industries.

LOUISIANA

CRA Engineering Group
9181 Interline Ave., Ste. 220
Baton Rouge, LA 70809
225-927-4249
225-925-2897 fax
www.craworld.com
Contact: David E. Hill

Expertise: Process, mechanical, instrumentation, extrusion, and material handling engineering for the chemical and petrochemical industries.

Spectrum Engineering
11100 Mead Rd., Ste. 300
Baton Rouge, LA 70816
225-987-9400
225-923-1225 fax
www.spectrumengbr.com
Contact: Dave Kernion

Expertise: Project management, design engineering, consulting, procurement, and construction management for chemical, petrochemical, alumina/bauxite, material handling, and other systems.

MICHIGAN

C2AE
725 Prudden St.
Lansing, MI 48906
517-371-1200
517-371-2013 fax
info@c2ae.com
www.c2ae.com
Contact: Shoni Galatian

Expertise: Architecture; civil, electrical, mechanical, structural, transportation, and water and wastewater engineering; and emergency management and surveying.

Dynamic Engineering
215 Broadus
Sturgis, MI 49091-1384
269-651-4055
269-651-6590 fax
email@dynamicengineering.com

Contact: Thomas Dunwell

Expertise: Architectural and engineering design and construction of food and dairy processing and cold storage operations.

Ellerbe Becket
800 LaSalle Ave.
Minneapolis, MN 55402
612-376-1887
612-376-2271 fax
Contact: Jeff Rudin

Expertise: Architectural and construction engineering for pharmaceutical, food processing, bulk material handling, and distribution facilities.

Larson Engineering
3524 Labore Rd.
White Bear Lake, MN 55110
651-481-9120
651-481-9201 fax
lee@larsonengr.com
www.larsonengr.com
Contact: Lee Granquist

Expertise: Engineering for bulk material handling, including design of loading and unloading systems, conveyors, storage facilities, and scales.

NORAMCO Engineering

2729 13th Ave. E
Hibbing, MN 55746
218-262-1093
218-262-1092 fax
rcn@noramcoeng.com
www.noramcoeng.com
Contact: Robert C. Nyberg

Expertise: Engineering and associated services to the mineral processing, material manufacturing, paper and web line, and related material handling industries.

T.E. Ibberson Co.

828 5th St. S
Hopkins, MN 55343
952-938-7007
952-939-0451 fax
Contact: Gerry Leukam

Expertise: Design, engineering, and construction of storage and process facilities for the food, grain, and pet food industries.

Unified Theory

1811 Weir Dr., Ste. 365
St. Paul, MN 55125
651-578-8100
651-578-8200 fax
mherron@utieng.com
www.utieng.com
Contact: Michael Herron

Expertise: Engineering, evaluating, fan and filter selecting, troubleshooting, industrial facility designing, process designing, controls, and fume and dust control systems for the food, chemical, pharmaceutical, webline, metals, and grain-handling industries.

VAA — Van Sickle, Allen & Associates

2955 Xenium Ln., Ste. 10
Plymouth, MN 55441
763-559-9100
763-559-6023 fax
info@vaaeng.com
www.vaaeng.com
Contact: Keith Jacobson

Expertise: Civil and structural engineering services for agricultural, agri-industrial, municipal, industrial, and commercial markets.

Wolf Material Handling Systems

17834 Industrial Cir., Ste. 5
Elk River, MN 55330
763-576-9040
763-576-9070 fax
info@wolfmhs.com
www.wolfmhs.com
Contact: Mel Paich

Expertise: Design, engineering, and fabrication of bulk material handling equipment, including belt, drag, en masse, chain, apron, flexible sidewall, chain-belt, and screw conveyors, bucket elevators, belt feeders, trippers, stackers, reclaimers, and metering bins.

MISSOURI

BIS Frucon Engineering Inc.

15933 Clayton Rd., Ste. 305
Ballwin, MO 63011
636-391-4300
636-391-4497 fax
info@bisfei.com
www.bisfei.com

Expertise: Engineering and management services for industrial and institutional clients in the cement, chemical, lime, mining, metallurgical, process, and utility industries.

**Burns & McDonnell Engineers
Process & Industrial Group**

9400 Ward Pkwy.
Kansas City, MO 64114
