

PREVIEW: IPPE

IPPE — The International Production and Processing Expo — will be held January 30-February 1 at the Georgia World Congress Center in Atlanta, GA. The event will cover feed, poultry, and meat production, processing, and packaging equipment and services. The event also will feature an exhibition and a wide range of free and paid educational conferences. Conferences will cover regulatory and compliance updates, industry innovations, and worker safety. The event is organized by the US Poultry & Egg Association, the American Feed Industry Association, and the North American Meat Institute.
