

PREVIEW: ICACC18

ICACC18 — The 42nd International Conference and Expo on Advanced Ceramics and Composites will take place January 21-26 at the Ocean Center conference arena in Daytona Beach, FL. The event features a technical program and an exhibition and will showcase the latest in advanced ceramics, armor ceramics, solid oxide fuel cells, ceramic coatings, bioceramics, and more. This year's event will feature a 2-day course that covers the mechanical properties of ceramics and glasses for elastic properties, strength measurements, fracture parameters, and indentation hardness. ICACC18 is organized by The American Ceramic Society.
