---

**E**xpo Pack Guadalajara will be held June 11-13 at Expo Guadalajara in Guadalajara, Mexico. Organized by PMMI, the event will host more than 16,000 attendees and more than 800 exhibitors focused on packaging and processing. Along with the exhibition, the event will have nine free seminars at the Innovation Stage. Keynote sessions will be available each morning with discussions on how consumer packaged goods companies can meet the challenges of the circular economy, how to successfully navigate current challenges in packaging and processing operations, and examples of successful packaging development for e-commerce.
